

SRI B. B. SAYANAK.—Last year three school buildings were constructed for the Kannada schools and when there is a demand for Urdu and Marathi schools why they are not constructed in the Corporation area ?

SRI B. SUBBAYYA SHETTY.—They were constructed because there were no buildings for the Kannada schools. I don't think there is any partiality. That doesn't mean that there is no need. When there are lot of needs, you must be happy that some need is satisfied.

Geophysical and Underground conditions are the main reasons for the failure of bore wells.

(a) 175

(e) 2

SRI N.B. SIRDESAI.—With reference to your answer to (c) May I know whether it has come to the notice of the Government that on account of incorrect selection of the site the borewells did not succeed and water did not get struck. Subsequently it was provide by digging out wells by villagers when water was struck.

SRI K. PRABHAKAR.—The information is not readily available. May be in one or two cases it happens sometimes.

SRI N.B. SIRDESAI.—With reference to your answer (a) may I know whether it has come to the notice of the Government that the regular machine which was sent for Khanapura Taluka went out of order twice and after repair it was not sent to Khanapur, there by the work is hampered?

SRI K. PRABHAKAR.—It will be examined.

SRI B.B. SAYANAK.—In the answer you have stated that six borewells have failed and you have given the reasons also. May I know what is the expenditure for these 6 borewells which have failed?

SRI K. PRABHAKAR.—The information is not readily available.

SRI N.B. SIRDESAI.—May I know when the Government is going to carry out the repairs the hand-pumps which have gone out of order and whether the Government is going to appoint a mobile workshop for carrying out repairs?

SRI K. PRABHAKAR.—Of course arrangements are there. Some of them have been repaired except three cases. They will be got attended to early.
